

Portable Stainless Steel Stove User Manual

Thanks for choosing Ohuhu! Please read this user manual carefully before use and keep it for future reference.

WARNING!

1. Pay attention to those sharp parts during assembling to avoid being scraped.
2. Do not use brute force to assemble the camping stove. Take instructions as the user manual says.
3. Lay the stove in a safe and stable place.
4. Operate with care to avoid burns since the temperature of stove surface is rather high.
5. Clean and store the stove in time after each use.
6. This barbecue will become very hot, do not move it during operation.
7. Do not use indoors.
8. Do not use spirit or petrol for lighting or re-lighting! Use only firelighters complying to EN 1860-3.
9. Keep children and pets away.
10. Do not cook before the fuel has a coating of ash.
11. Fill with dry firewood, do not higher than the top airflow holes in case of black smoke.

Steps for cooking with firewood

1. Put the air flow base on the ground, with burning chamber on.

2. Put the burning base in the middle.

3. Fill with dry firewood (do not higher than the top airflow holes in case of black smoke).

4. Put the triangle rack on top.

5. Fire the wood and it is ready for cooking.

Steps for cooking with solid alcohol

1. Put the air flow base on the ground, with burning chamber on.

2. Lay flat the burning base in the middle (upside down).

3. Put the tray on and fill with solid alcohol.

4. Put the triangle rack on top.

5. Fire the alcohol and it is ready for cooking.
